

How to Spend \$10.00

I know—you don't need anybody to tell you how to spend your money, you say. But wait a minute—do you get ten dollars' worth of food values when you spend ten dollars for food? Sort of subtle, yes? Well, you get the answer in

The COUNTRY GENTLEMAN

What I'm leading up to—subtly—is that you should start next week to read a series of articles about—I guess I won't tell you, after all, what it's about. Read this issue and see!

I will tell you this much. Look for an article by R. M. Cleveland, with a cartoon by Edwin Marcus—and see what the woman in the picture has bought with her ten dollars. Then go and spend your ten-spot the same way. It will pay you. . . . And really you need eleven dollars if you are to let me advise you spending—try, as I forecast, for food, and one to pay for a year's subscription for THE COUNTRY GENTLEMAN. You need not be without it from week to week for I'll have the postman deliver it to you every Thursday for a whole year for only \$1.00.

That's Less Than Two Cents a Week!

Clean-Shedding, Light Draft in Sticky Soil

If the plow that you are using fails to work right in sticky soil—if it won't shed easily and pulls heavy—come to our store and get a sure remedy for your plowing troubles.

Ask us to show you our John Deere-Syracuse Slat Moldboard Chilled Plow.

Because this plow's slat moldboard decreases the surface subject to the friction of the moving furrow slice, it sheds sticky soil cleanly. There is no "gumming up"—the slats clean themselves just as the tines of a spading fork do. Because of clean-shedding, it is the lightest draft plow, for its capacity, ever made.

The "Slat" is an unusually strong, long-lived plow. All original parts and all extra parts fit perfectly. Bottom parts are chilled extra deep where soil friction is greatest. The moldboard has a detachable shin piece, making it easy to maintain a keen cutting edge at small expense. The de-dropped special strength and lightness—it holds the plow parts rigidly together. The beam is guaranteed not to bend or break.

We can furnish this plow in the size you want.

If you want a riding plow, ask us to show you the John Deere Syracuse No. 10 Sulky equipped with the slat moldboard bottom.

Be sure to see our slat moldboard plows—the sure remedy for sticky soil plowing troubles.

Dear Sentinel:

Hope you can spare me space in your valuable paper.

We are having some rain in this part. Everything is still looking nice and green, and we have flowers a plenty. Health is very good, and everyone working.

Urban Warren left here Sunday for old Mexico to work in the oil business.

Mrs. Richard Lawson and little daughter, Mildred, arrived here March 2.

Odil Morgan and Luther Phillips left first of the week for some place near Ranger, Texas. We regret to see so many of our home friends leaving.

We are sorry to hear of so much flu in our home county. Hello! Joe Murphy of L. A. what are you doing?

The photographer came out last Saturday and took a picture of the Salvia Oil Lease, and every one that lived on it. If any one wants to keep the hawks off their chickens, we'll send you one.

Herman Rendall has purchased a new selfstarter Ford.

Austin Terry and family and Fowler Loftis and family and Marion Murphy, visited Richard Lawson and wife, Sunday.

We are wondering what you people at Sugar creek are doing for past time.

We think this is a grand old place only on Sunday when we have to go to work, instead of going to Church, but we can hear the Phonograph and pick flowers, while the men work.

We have nice Sunday School every Sunday and all the youngsters go. Have preaching Sunday evenings.

Hello! Morrison's creek, give us the news.

W. J. Chaffin, of Oklahoma, we would like to know what you are doing?

John Bailey says he's going back to Tennessee in his car to see if he can't find a chicken to haul apound. Look out girls.

Austin Terry and family, Mrs. R. L. Lawson and daughter, Mildred and Urban Warren, took dinner with Fowler Loftis and wife, Sunday.

Perry Terry and family are expecting to move to town real soon. We hate to give them up.

As news is scarce we will bring this to an end. Hope it escapes the waste-basket.

DRAPER RESIGNS.

Geo. G. Draper of this city, who has holding the position of Pure Food and Drugs Inspector since Jan. 15, has resigned as such Commissioner and has received an appointment with the revenue department with headquarters at Chattanooga.

He is to become associated with the Federal work having to do with narcotics in the state. He resigned his position as commissioner of food and drugs on account of the more attractive salary that goes with his new position and not on account of any friction between the governor and himself.

"FOUND SEVEN RATS DEAD IN BIN NEXT MORNING."

Robert Woodruff says: "My premises were infested with rats. I tried RAT-SNAP on friend's recommendation. Next morning found seven dead rats in bin, two near feed box, three in stall. DRAPER & McCAWLEY CO.

Gainesboro, Tenn.

Pine Lick Creek, near Whitleyville, which is on the main road from Gainesboro to the Macon County line. Their proposition is, to raise \$1,200 by general subscription and ask the county court, at its next quarterly session, for an appropriation of \$600, making a total of \$1,800, which is the estimated cost of the bridge. The citizens of that community have given liberally, the amount being something near a thousand dollars. A bridge at this place is badly needed, and we believe the appropriation will be granted without a squabble.
